Dundee Partnership Community Regeneration Fund

Grant Application 2024/25

Applicant Information	
Name of Applicant Group	Friends of Clatto
Activity Title	Public Liability Insurance
Grant Requested (£)	100

- The Physical & Environmental Improvement Fund is to provide financial assistance for community initiatives aimed at improving the local area through Capital expenditure. Capital expenditure is something of a physical nature including the acquisition, improvement or structural enhancement of an asset valued at £6,000 or more.

- The Youth Inclusion Fund is to provide financial assistance for community initiatives aimed at working with Children and Young People. Applications should be for an activity (or activities) focused on including children & young people in activities, diverting young people from an existing undesirable activity or preventing them joining in with such activity. This should reflect a need that children and young people have been consulted on.

- The Small Grants Fund is for other applications that contribute towards achievement of the Dundee City Plan / Local Community Plan, usually up to £5,000, but there may be lower local restrictions on the amount. Therefore, it is important to check with the relevant Community Worker as listed on page 8 for any local restrictions or other requirements.

This application should address needs in one of the below Wards within which the Dundee Partnership supports activity. If an activity covers more than one Ward then an application is required for each Forum, but it is essential that each application can stand on its own if agreed and that the application is not for a city-wide activity, but a local activity that is to take place in more than one Ward.

What local consultation has taken place regarding this application?

(Please attach evidence summarising the results of any consultation)

We engage with the community through our facebook page and we have run activities and volunteer days which have been successful and feedback has been positive.

What evidence do you hold that the local community supports this application?

(For example, was it proposed by members of a particular group? Does it directly address need identified by community members?)

Conversations through users of the park and the engagement through the facebook page and the links we have with schools for activities such as litter picks , organisations and businesses such as BT who get involved with volunteer days. Without public liability insurance these would stop.

How will the project / activity tackle deprivation or benefit those experiencing deprivation?

The public liability insurance will allow us to continue to run free organised activities and the group will continue to work on a variety of developments that benefit the community. The park will continue to be a welcome space.

For Physical & Environmental Improvements (which must be Capital worth at least £6,000 in value) the following questions must be answered:

Have all relevant permissions been agreed? (please state what these are)

How will the planned project be maintained? (please state who will be responsible for this)
