Dundee Partnership Community Regeneration Fund

Grant Application **2023/24**

Applicant Information	
Name of Applicant Group	St Mary's Over 55's Group
Activity Title	Outing
Grant Requested (£)	475.00

- The Physical & Environmental Improvement Fund is to provide financial assistance for community initiatives aimed at improving the local area through Capital expenditure. Capital expenditure is something of a physical nature including the acquisition, improvement or structural enhancement of an asset valued at £6,000 or more.

- The Youth Inclusion Fund is to provide financial assistance for community initiatives aimed at working with Children and Young People. Applications should be for an activity (or activities) focused on including children & young people in activities, diverting young people from an existing undesirable activity or preventing them joining in with such activity. This should reflect a need that children and young people have been consulted on.

- The Small Grants Fund is for other applications that contribute towards achievement of the Dundee City Plan / Local Community Plan, usually up to £5,000, but there may be lower local restrictions on the amount. Therefore, it is important to check with the relevant Community Worker as listed on page 8 for any local restrictions or other requirements.

This application should address needs in one of the below Wards within which the Dundee Partnership supports activity. If an activity covers more than one Ward then an application is required for each Forum, but it is essential that each application can stand on its own if agreed and that the application is not for a city-wide activity, but a local activity that is to take place in more than one Ward.

What local consultation has taken place regarding this application?

(Please attach evidence summarising the results of any consultation)

Discussions with group attendees highlighted a desire to have a day away from the centre that would allow everyone to attend and take part in a social and cultural day.

What evidence do you hold that the local community supports this application?

(For example, was it proposed by members of a particular group? Does it directly address need identified by community members?)

The Over 55's Group is made-up of local people and they had a conversation that led to a proposal to have a one day outing later in the year.

How will the project / activity tackle deprivation or benefit those experiencing deprivation?

(Refer to Section 1 of the Guidance Notes)

The cost of the coach hire might be difficult for some of the group to pay due to strain on household income as a result of higher cost of living. However, if the coach is free then everyone in the group would be able to attend.
