## Dundee Partnership Community Regeneration Fund

### Grant Application 2023/24

Applicant Information	
Name of Applicant Group	St Mary's CC LMG
Activity Title	Family Holiday Programmes
Grant Requested (£)	1,370.00

- The Physical & Environmental Improvement Fund is to provide financial assistance for community initiatives aimed at improving the local area through Capital expenditure. Capital expenditure is something of a physical nature including the acquisition, improvement or structural enhancement of an asset valued at £6,000 or more.

- The Youth Inclusion Fund is to provide financial assistance for community initiatives aimed at working with Children and Young People. Applications should be for an activity (or activities) focused on including children & young people in activities, diverting young people from an existing undesirable activity or preventing them joining in with such activity. This should reflect a need that children and young people have been consulted on.

- The Small Grants Fund is for other applications that contribute towards achievement of the Dundee City Plan / Local Community Plan, usually up to £5,000, but there may be lower local restrictions on the amount. Therefore, it is important to check with the relevant Community Worker as listed on page 8 for any local restrictions or other requirements.

This application should address needs in one of the below Wards within which the Dundee Partnership supports activity. If an activity covers more than one Ward then an application is required for each Forum, but it is essential that each application can stand on its own if agreed and that the application is not for a city-wide activity, but a local activity that is to take place in more than one Ward.

**Please say why the project is needed** (please limit your answer to 500 words or less)

The project is needed to allow families and their children to be able to visit leisure and activity based centres that they may not be able to afford to like other families in the city. Cost of living has increased for all households but lower income families are affected even more and they are less likely to have the disposable income available to take their children to visit fun places that cost an entrance fee.

## DUNDEE PARTNERSHIP FUND CRF GRANT APPLICATION

Award of the CRF funding would allow us to identify families we are already aware of but also others as a result of networking with community and support workers in the area who are currently supporting families.

### **What local consultation has taken place regarding this application?**

(Please attach evidence summarising the results of any consultation)

We had a week long summer programme last year and the sessions were very well attended with positive feedback from the participants that they really enjoyed going to things in their local community that did not cost them any money. In addition, we had a Santa's Grotto/light switch-on event in December and this was very successful with a huge attendance from local families of all ages.

### **What evidence do you hold that the local community supports this application?**

(For example, was it proposed by members of a particular group? Does it directly address need identified by community members?)

Feedback from local families at summer programme and xmas grotto events last year was very positive in relation to activities on offer and free access to all.

### **How will the project / activity tackle deprivation or benefit those experiencing deprivation?**

(Refer to Section 1 of the Guidance Notes)

The project will help reduce poverty and financial hardship during a period of time when parents/carers need to find things to do and places to go with their children as they will be able to access all the sessions and activities free of charge.

**For Physical & Environmental Improvements (which must be Capital worth at least £6,000 in value) the following questions must be answered:**
