Dundee Partnership
Community Regeneration Fund

Grant Application
2024/25

Applicant Information	
Name of Applicant Group	Menzieshill Local Management Group
Activity Title	Wellbeing Social Group (gossip and giggles) Activities & sundries
Grant Requested (£)	£220

- The Physical & Environmental Improvement Fund is to provide financial assistance for community initiatives aimed at improving the local area through Capital expenditure. Capital expenditure is something of a physical nature including the acquisition, improvement or structural enhancement of an asset valued at £6,000 or more.

- The Youth Inclusion Fund is to provide financial assistance for community initiatives aimed at working with Children and Young People. Applications should be for an activity (or activities) focused on including children & young people in activities, diverting young people from an existing undesirable activity or preventing them joining in with such activity. This should reflect a need that children and young people have been consulted on.

- The Small Grants Fund is for other applications that contribute towards achievement of the Dundee City Plan / Local Community Plan, usually up to £5,000, but there may be lower local restrictions on the amount. Therefore, it is important to check with the relevant Community Worker as listed on page 8 for any local restrictions or other requirements.

This application should address needs in one of the below Wards within which the Dundee Partnership supports activity. If an activity covers more than one Ward then an application is required for each Forum, but it is essential that each application can stand on its own if agreed and that the application is not for a city-wide activity, but a local activity that is to take place in more than one Ward.

Please give a description of what you want this grant for - (please limit your answer to 500 words or less)

We run a group that promotes social inclusion, health and wellbeing and peer support. Mainly women attend but this is not exclusive to women. The group ranges from women in their early 20's to 80 years of age so there is a lot of inter-generational learning from each other. We would like money for resources to offer activities to the attendees that they would not normally get the chance to do. Partaking in activities makes having difficult conversations easier as it is not as intense. The group also want to look at making healthy recipes within a budget.

Which City Plan / Local Community Plan Outcome(s) will it address?

We need to tackle social isolation and improve wellbeing

How many people will benefit from this project? 12 weekly

Will any specific groups benefit from this project? (male, female, age range or protected characteristic)

The group is open to everyone and supports inclusion for all.

Please say why the project is needed (please limit your answer to 500 words or less)

Since covid a lot of people have been really struggling with their mental health. Social isolation has become a big issue. We have found there has been a misconception that social isolation only happens to older people, however, this is

something younger members have struggled with also. The wide age range means that we all learn from each other and can provide different perspectives.

What local consultation has taken place regarding this application?

(Please attach evidence summarising the results of any consultation)

We have spoken with members about what they would like to do and their motivations for coming to group.

What evidence do you hold that the local community supports this application?

(For example, was it proposed by members of a particular group? Does it directly address need identified by community members?)

People still continue to come along every week.

We have new people that come and are referred to the group by staff members in the centre ie community worker, literacies worker, health worker.

How will the project / activity tackle deprivation or benefit those experiencing deprivation?

(Refer to Section 1 of the Guidance Notes)

The group is free to attend, individuals can make a donation but this is not compulsory.

It is a warm safe space, where tea / coffee is provided.

No cost for partaking in activities.

For Physical & Environmental Improvements (which must be Capital worth at least £6,000 in value) the following questions must be answered:

Have all relevant permissions been agreed? (please state what these are)

How will the planned project be maintained? (please state who will be responsible for this)

DUNDEE PARTNERSHIP FUND CRF GRANT APPLICATION

What is the expected 'life' of the improvement? (e.g. before it will require replacement)

Could a plaque indicating the Community Regeneration Fund as a source be added on location for this award? (If there would be additional costs for this, please indicate this in the budget section)

What other sources of funding have you secured / tried to secure for this project?

- **If none, please state why this is the case**

(Detail below, including applications that are pending or that have been turned down. We may ask for further evidence of an application for other funding)

Source of Funding (detail if this funding is for more than 1 year, if applicable)	£

What are the costs of your activity and how much money is required? Please give specific details (expand list / use an additional sheet if required) and provide all quotes (good practice for applications for over £5,000 is to provide three quotes to ensure value for money is received, and we will require to see these where relevant).
