# Discover the Power of Bluewater Flow

## Key Features

# Advanced Purification

Quench Your Thirst with Superior Hydration

**7X** Advanced Purification

Up to **99%** purification rate

**ADVANCED OSMO8IS** Technology

With Bluewater Flow, you can elevate your hydration experience and savor the exceptional quality of water that exceeds your expectations.

A photograph showing a water treatment process. On the left, there are two parallel metal mesh screens. Between and to the right of these screens, there is a large volume of white, frothy water being aerated or mixed. The background is a plain, light-colored wall.

Independent laboratory  
tests have shown that  
Bluewater Flow  
removes up to 99% of  
harmful **CONTAMINANTS**

# Alkaline Enhancement

Neutralize Acidity and Provide Healthy Drinking Water

Blend of 10   
**TRACE MINERALS**

Raising the  
**PH LEVEL**

**RELIEVE STRESS**  
on organs

The alkaline filter adds a blend of ten trace minerals, giving the water a raised pH level. This will help the body to neutralize acidity and relieve stress on the organs.

# Immune Defense and Strength

Electrolyte Enhancement

Improves the  
**IMMUNE  
DEFENCE**

Helps with **CELL  
REPAIR** and **BONE  
STRENGTH**

Keeps you  
**HYDRATED  
and ENERGIZED**

Bluewater Flow isn't about hydrating; it's about elevating. By providing superior hydration, we propel you to exceed, be it during a demanding workout or a challenging day at work.

# A Taste Sensation: Water, Reimagined

Coconut Carbon Filter

**CRISP, FRESH**  
taste

**REMOVES**  
**CONTAMINANTS**  
and odors

Makes the water  
taste like natural  
**SPRING WATER**

With Bluewater Flow, perfection is not an aim but a standard. The finishing filter is made from real coconut husk, enhancing the flavor and capturing tiny particles of contaminants.

In blind taste tests,  
**8 OUT OF 10** participants  
preferred Bluewater Flow  
over Fiji Water

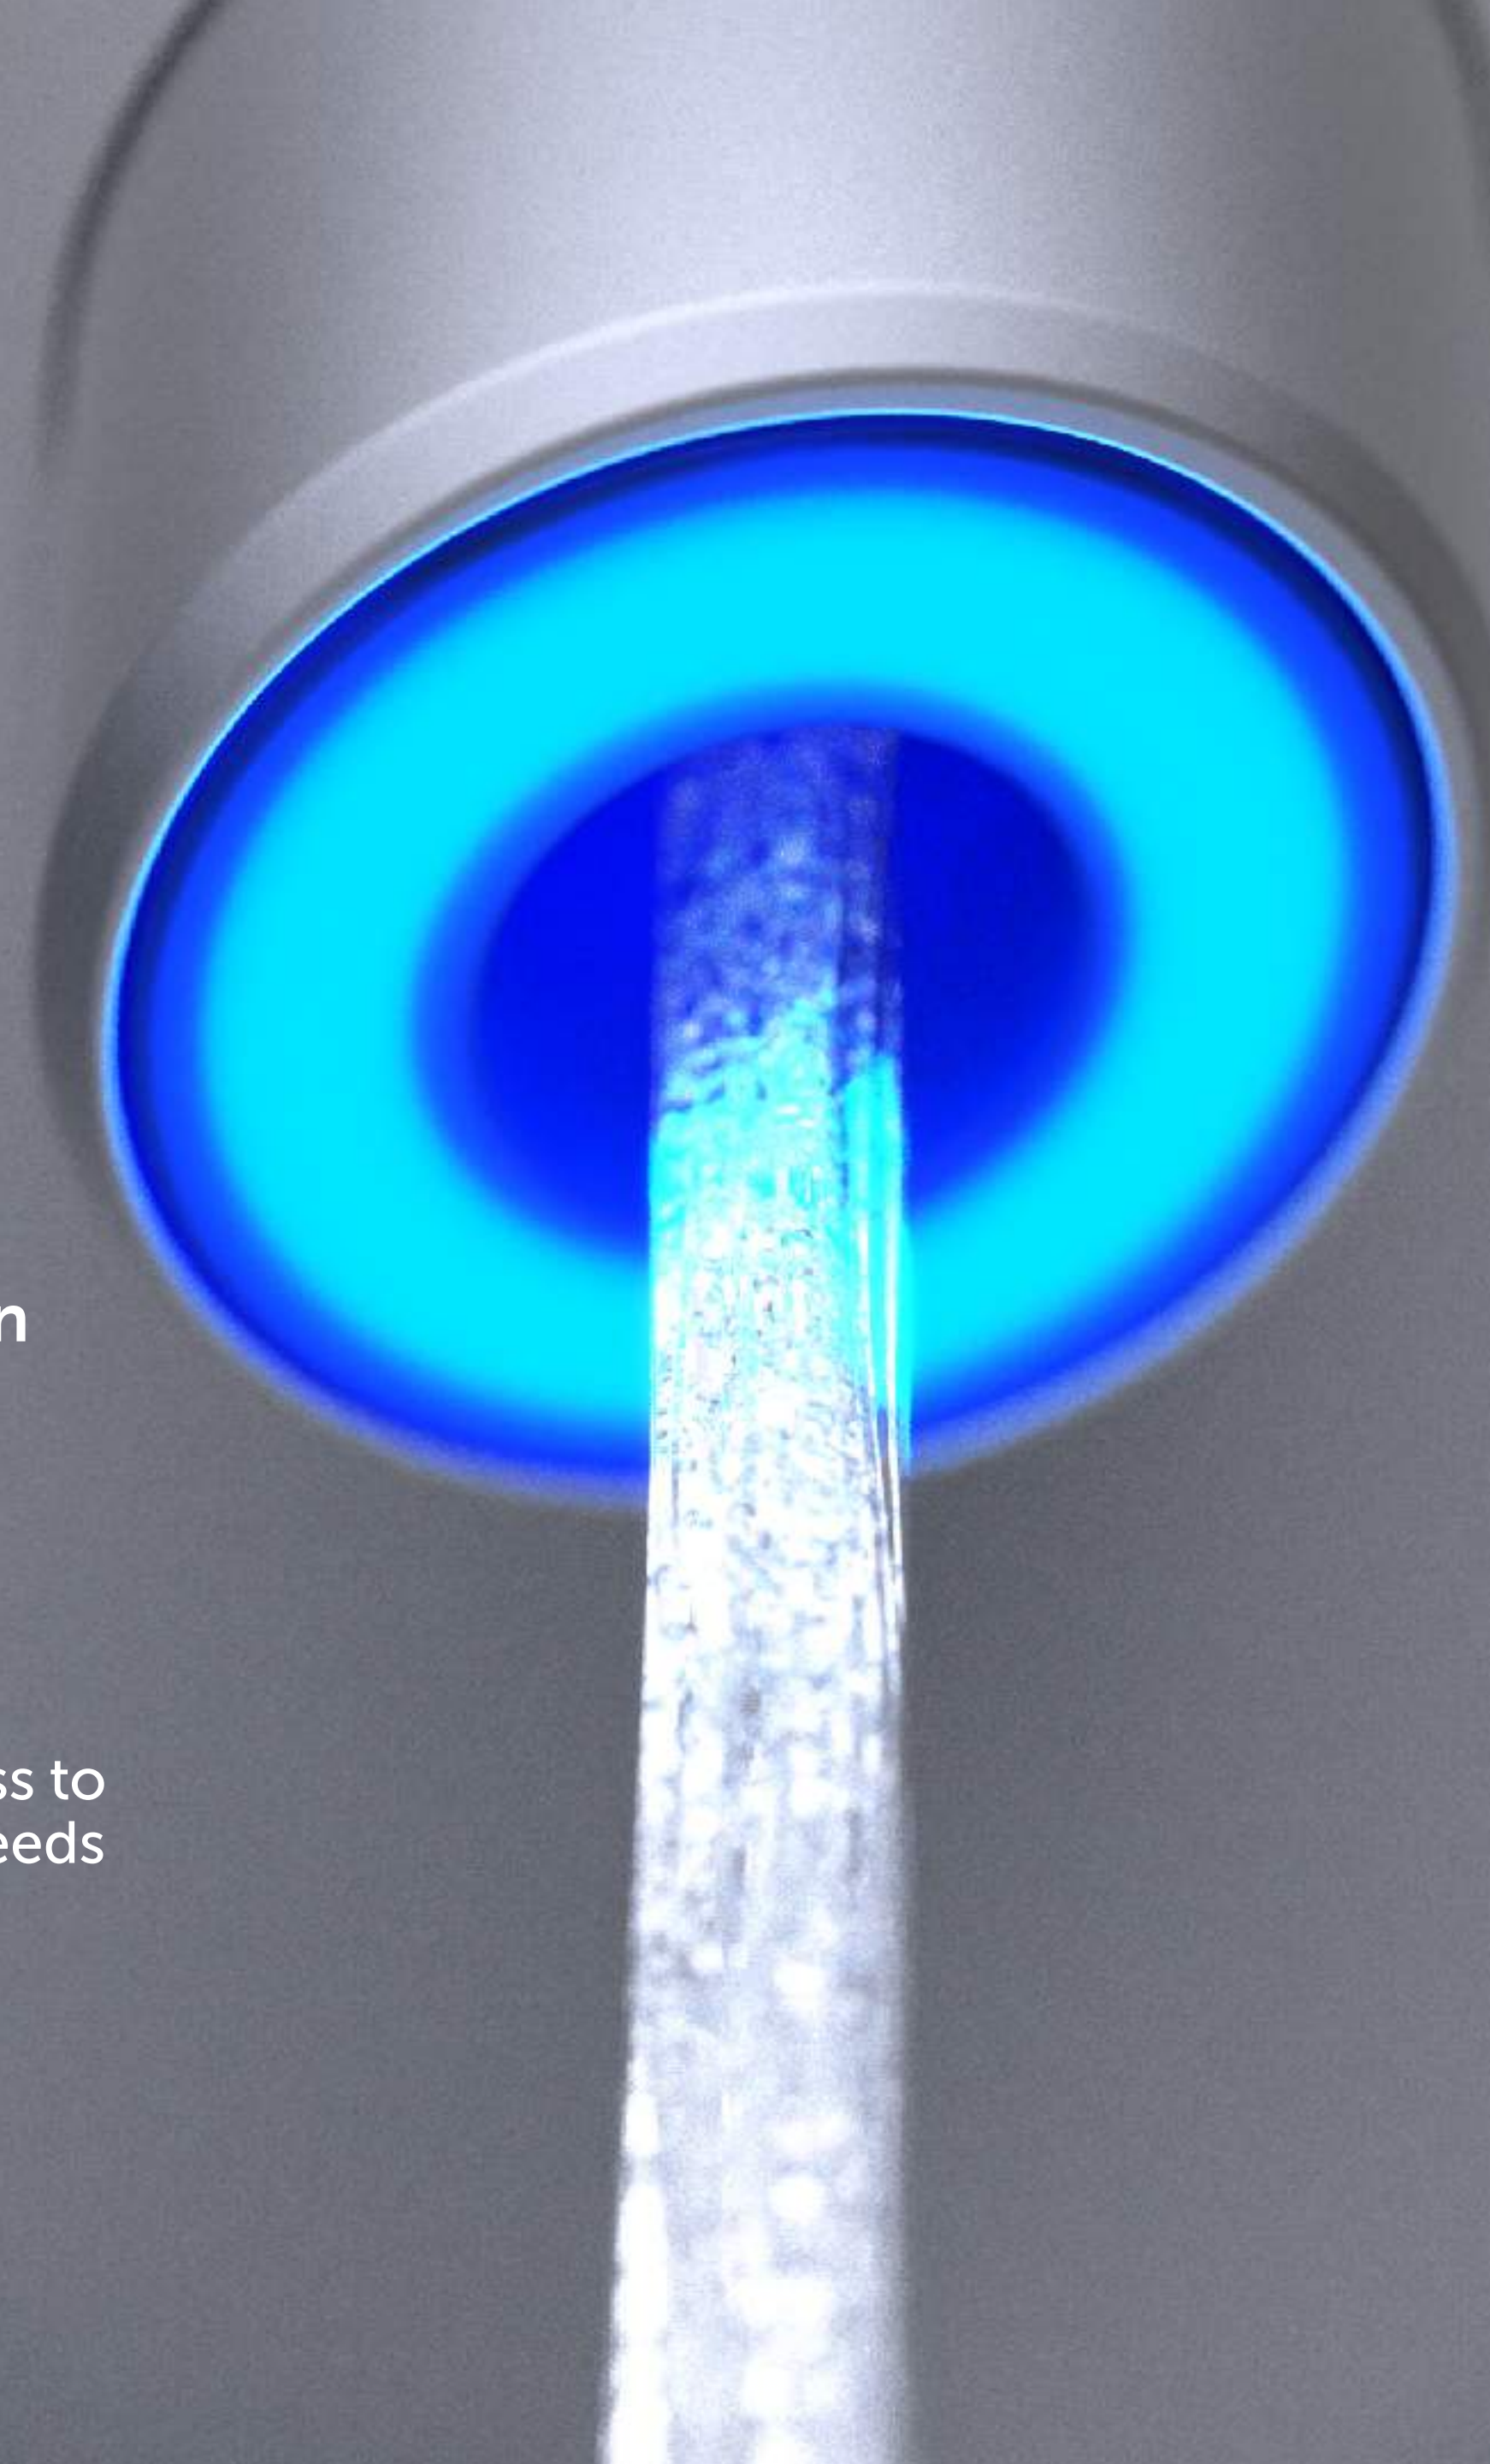

# Fill Your Bottle In Seconds

Delivering 4 Liters Per Minute

Fill 700ML in only  
9 SECONDS

3X times **FASTER** than  
other dispensers

Bluewater Flow provides quick and convenient access to purified and delicious water, catering to hydration needs at all times.

Compared to any  
typical water fountain,  
Bluewater Flow is  
**3 TIMES FASTER**

1,245  
Bottles Saved

HOLD  
TO FILL

# Drink Responsibly, Drink Sustainably

See the Impact You Make

**ELIMINATING** the need  
for single-use  
**PLASTIC BOTTLES**

A **UNIQUE** water station  
user **EXPERIENCE**

Our commitment to sustainability meets sophistication, offering a luxurious solution that reduces environmental impact without compromising on taste or quality.

1,245  
Bottles Saved

HOLD  
TO FILL

A hotel saved over  
**18,000 PLASTIC BOTTLES**  
each month by replacing  
bottled water and jugs  
with just 10 Bluewater  
Flow stations

# Optimize Space, Maximize Efficiency

Compact Design Redefines Hydration

↑  
**SMALL FOOTPRINT**  
46 x 173 x 41 cm  
→

Holds over **26L** of  
purified water at **ALL TIME**

Bluewater Flow understands the value of space in your environment. Therefore, it allows you to make the most of your space without compromising on the quality of the hydration.

# Convenience at Your Fingertips

Your Preferred Temperature and Volume

**OPTIMAL** drinking temperature at 2°C

Perfect for **TEA** and hot drinks at 85°C

**SET VOLUMES** for easy refill

Whether you crave a big, cold bottle of water or a comforting cup of hot tea, Bluewater Flow offers a personalized and elevated experience that caters to your unique preferences.
