

# Dundee Partnership Community Regeneration Fund

## Grant Application 2026/27

Applicant Information	
<b>Name of Applicant Group</b>	CET North East/Wider CLD
<b>Activity Title</b>	World Cup Activities – North East
<b>Grant Requested (£)</b>	

- The Youth Inclusion Fund is to provide financial assistance for community initiatives aimed at working with Children and Young People. Applications should be for an activity (or activities) focused on including children & young people in activities, diverting young people from an existing undesirable activity or preventing them joining in with such activity. This should reflect a need that children and young people have been consulted on.

- The Small Grants Fund is for other applications that contribute towards achievement of the Dundee City Plan / Local Community Plan, usually up to £5,000, but there may be lower local restrictions on the amount. Therefore, it is important to check with the relevant Community Worker as listed on page 8 for any local restrictions or other requirements.

This application should address needs in one of the below Wards within which the Dundee Partnership supports activity. If an activity covers more than one Ward then an application is required for each Forum, but it is essential that each application can stand on its own if agreed and that the application is not for a city-wide activity, but a local activity that is to take place in more than one Ward.

**Please give a description of what you want this grant for - (please limit your answer to 500 words or less)**

We realise that the current interest in the World Cup and Scotland qualifying that there is an opportunity to engage and provide learning opportunities for the wider community and all CLD teams in the areas can work together with a common topic to not only engage with their learners/potential learners but integrate between services i.e. bringing young vs adult, literacy learners to join wider CLD learners etc to breakdown barriers and creating a celebration where there is opportunities for people in sub areas of the ward to come together. These will take place in the form of the following type of events. Some of these events will not have any costs attached, some will be resources purely for these activities and some will be resources used in other provision in addition to the world cup focus.

Family Flag Bingo

Question of the World Cup Sports Quiz

Biscuit/cake decorating In partnership with local person

Cooking Demo with focus on world food

Scavenger Hunt

Design T shirt/Football Top

Walking Football

Beat Goalie Competition

Young Vs Adult football game

Literacy/It Skills themed projects i.e. learning about other countries

Live League Table in Community Centre updated by local groups

Football Match – YW Vs Service Staff/Charity Match. – resources used all year round.

**Which City Plan / Local Community Plan Outcome(s) will it address?**

**We need to respond to the cost of living.**

As the World Cup takes place during the summer holidays this is a perfect time to provide no cost activities. This will be helpful for families during the summer holidays to look for no cost activities. Some of the activities we are offering will have food provided which again helps reduce costs for families during this time period. Although these events are not exclusively for families, we realise as the North East has the highest concentration of 0-15 year olds in the city, the timing and event will attract young people and families. We also have a higher than city average of children living in poverty in the North East.

Engaging with the wider community and having support from wider CLD team we can also be signposting to various support services that will also help with the cost of living.

**We need to tackle social isolation and improve mental wellbeing:**

As mentioned these activities will be open to everyone in the community, and aware that the current local community plan stresses a need for wider opportunities for social, leisure and physical activities which these activities would provide and reduce social isolation. With a wider CLD approach, we would have better connections to reach more people through wider staff and local partners.

**We need to improve life chances for children and families:**

Again, as mentioned these events would help with the cost of living implications imposed on families, especially in the holidays where young people are off for a considerable amount of time. These activities/events also help us to engage with families similarly to other family work in the area where we have created spaces for families to get involved in wider CLD provisions and offers i.e. support with literacy issues and attending other provision as well as signposting appropriately aged young people to CLD youth work provision and other supporting groups i.e. ASN youth work.

We will be sharing posters/promotional materials via IYN/around partners and ask other partners i.e. School and Family Development worker to signpost. Also able to promote when at other events/engagement opportunities.

<b>How many people will benefit from this project?</b>	
--	--

Will any specific groups benefit from this project? (male, female, age range or protected characteristic)

Whole Community – as will not know who will be attending what events. Some will be limited due to space i.e. a cooking demo event.

**Please say why the project is needed** (please limit your answer to 500 words or less)

We are always looking to engage with the wider community and need a hook to engage with various demographics of people in the local community to make them aware of not only the CLD offer, but the facilities in the community run by other groups and local organisations. This also bring an opportunity for Community cohesion with a bond over a common theme. We realise that football is not for everyone, but on this large scale it is an opportunity for learning and engagement for themes connected to the world cup i.e. gentle exercise, improving IT skills, intergenerational work between cross sections of the community, food, and wider learning opportunities. This is a gateway for people to get involved in new things in the community.

**What local consultation has taken place regarding this application?**

(Please attach evidence summarising the results of any consultation)

General discussions with CLD workers and their respective groups. Enthusiasm on the topic is high and a perfect time to use this as mentioned before as an 'in' to engage with people.

**What evidence do you hold that the local community supports this application?**

(For example, was it proposed by members of a particular group? Does it directly address need identified by community members?)

We have spoken to members of different groups and different CLD staff and partners who believe that this topic is of interest to a wide range of people – due to Scotland qualifying.

**How will the project / activity tackle deprivation or benefit those experiencing deprivation?** (Refer to Section 1 of the Guidance Notes)

We realise that as we have an activity to engage people in this is also a time for people to tell us what issues they are facing and providing support and signposting to relevant organisations and partners. Again, as aforementioned these events would have no cost attached and therefore no barriers to participation for the wider Northeast community.

**What other sources of funding have you secured / tried to secure for this project?**

- **If none, please state why this is the case**

(Detail below, including applications that are pending or that have been turned down. We may ask for further evidence of an application for other funding)
