

Dundee Partnership **Community Regeneration Fund**

Grant Application **2026/27**

Applicant Information	
Name of Applicant Group	Lochee Residents & Tenants Association
Activity Title	Street Art Project – Lochee Bypass
Grant Requested (£)	£5000

- The Youth Inclusion Fund is to provide financial assistance for community initiatives aimed at working with Children and Young People. Applications should be for an activity (or activities) focused on including children & young people in activities, diverting young people from an existing undesirable activity or preventing them joining in with such activity. This should reflect a need that children and young people have been consulted on.

- The Small Grants Fund is for other applications that contribute towards achievement of the Dundee City Plan / Local Community Plan, usually up to £5,000, but there may be lower local restrictions on the amount. Therefore, it is important to check with the relevant Community Worker as listed on page 8 for any local restrictions or other requirements.

This application should address needs in one of the below Wards within which the Dundee Partnership supports activity. If an activity covers more than one Ward then an application is required for each Forum, but it is essential that each application can stand on its own if agreed and that the application is not for a city-wide activity, but a local activity that is to take place in more than one Ward.

Please give a description of what you want this grant for - (please limit your answer to 500 words or less)

We would like to create a new street art project to brighten up some of the busier areas of Lochee. For the next phase of Lochee street art we have identified and have secured planning permission to install a large piece of art work on the gable end of the block of flats facing oncoming traffic at Lochee High Street at the by- pass

We have completed the last piece of work on Boots corner which has received huge acclaim worldwide, online, TV and local papers. It has been taken to the hearts of local people and those visiting the area. This is mainly due to the fact that we consulted with local people and allowed them to vote on the art work installed. During the voting process 2 pieces came out on top (4 votes in it!!) but we chose the one best suited to the wall surface.

We would now like to install the other piece which would look stunning on the area chosen.

(We also have aspirations to continue the work at Boots corner around the back of the building now that the pocket park is near completion and there are plans to install a suds area which will enhance the whole of the waste ground but that will be phase 3)

Which City Plan / Local Community Plan Outcome(s) will it address?

Improve quality of neighbourhoods

How many people will benefit from this project?

Whole
community

Will any specific groups benefit from this project? (male, female, age range or protected characteristic)

Please say why the project is needed (please limit your answer to 500 words or less)

We feel this project is needed in central Lochee, as we have seen a clear increase in civic pride following the installation of the previous artwork. Alongside Dundee City Council's significant investment in the new pocket park and the ongoing flood defence works, the area is beginning to feel renewed and valued.

The community views the artwork as their own because they have been involved in the entire process, and that sense of ownership is evident. Many local residents feel that Lochee has been overlooked for a number of years, so they are genuinely excited to see new projects that enhance the place they live and love.

What local consultation has taken place regarding this application?

(Please attach evidence summarising the results of any consultation)

We have involved and included the community in every aspect of the street art projects with consultations and voting processes

What evidence do you hold that the local community supports this application?

(For example, was it proposed by members of a particular group? Does it directly address need identified by community members?)

There was a lot of support from the community in previous phases of street art and we would like to continue to improve the look of the area through further installations. The community felt the last phase really improved the community and provided pride

for residents. The piece we are looking to install was huge favourite of so many people we would love to have it placed in a very prominent area in Lochee which has had some graffiti placed over the wall.

Online support was huge once the last piece was unveiled.

How will the project / activity tackle deprivation or benefit those experiencing deprivation? (Refer to Section 1 of the Guidance Notes)

The area is going through a lot of regeneration which feels only half done. We want to install pride in the people of the area to feel it is as good an area as any other in the city.

What other sources of funding have you secured / tried to secure for this project?

• **If none, please state why this is the case**

(Detail below, including applications that are pending or that have been turned down. We may ask for further evidence of an application for other funding)

Source of Funding (detail if this funding is for more than 1 year, if applicable)	£
Northwood trust – secured	£5000
DC Thomson -Secured	£1000

What are the costs of your activity and how much money is required? Please give specific details (expand list / use an additional sheet if required) and provide all quotes (good practice for applications for over £5,000 is to provide three quotes to ensure value for money is received, and we will require to see these where relevant).

Cost Heading	Full Costs (£)	DP Aid (£)
Installation of art work, artist costs, paint etc	£11,500	£5000
Totals	£11,500	£5000

- **All applicants are required to submit a copy of the group's most recent annual accounts with this application.** These will be used to help determine eligibility for funding, and **WITHOUT THEM AN APPLICATION WILL NOT PROCEED**
- **If reserves held are less than three months operating expenses please confirm this below**

Note that if you have already submitted your accounts within this financial year, further copies may not be needed - please check with the Dundee Partnership Team if unsure

What other documents are you attaching to evidence the budget costs for this application? (e.g. quotes, estimates, projected income and expenditure)

How do you intend to monitor the project Outputs and Outcomes?

Feedback from the local community through face to face and online

What is the planned start date of the event/activity? Please note turn around on applications is 6 - 10 weeks and funding cannot be retrospective (<i>see section 2 of the guidance notes</i>)	Summer 2026
What is the planned end date of the event/activity?	Summer 2026
