Dundee Partnership **Community Regeneration Fund**

Grant Application **2025/26**

Applicant Information	
Name of Applicant Group	Central Youth Team
Activity Title	Transition and Friendship Groups
Grant Requested (£)	783.26

- The Youth Inclusion Fund is to provide financial assistance for community initiatives aimed at working with Children and Young People. Applications should be for an activity (or activities) focused on including children & young people in activities, diverting young people from an existing undesirable activity or preventing them joining in with such activity. This should reflect a need that children and young people have been consulted on.

- The Small Grants Fund is for other applications that contribute towards achievement of the Dundee City Plan / Local Community Plan, usually up to £5,000, but there may be lower local restrictions on the amount. Therefore, it is important to check with the relevant Community Worker as listed on page 8 for any local restrictions or other requirements.

This application should address needs in one of the below Wards within which the Dundee Partnership supports activity. If an activity covers more than one Ward then an application is required for each Forum, but it is essential that each application can stand on its own if agreed and that the application is not for a city-wide activity, but a local activity that is to take place in more than one Ward.

We hope to be able to buy resources and for our P7 Transition Groups and friendship groups in the Coldside area. It is hoped that these resources can also be shared with other groups happening across the coldside Area. These are delivered in Hilltown Community Centre and the Feeder Primary schools in Coldside. Our team also deliver SI Friendship group in Morgan Academy which is one of the two high schools covering the Coldside Area. Within this group over 50% of the young people live in the Coldside area. This group also targets young people who are struggling with the transition to high school, have little friends and are vulnerable in the community and find it difficult to attend groups in the evening. Our hope is to provide a safe space for these young people to get together, make friends and have the confidence to attend our evening provisions.

Our Transition Groups focus on helping P7' s to have a positive and healthy transition to high school. These are targeted group targeting young people who are identified to struggle with the transition, due to their vulnerability shyness and struggle to make friends. It is hoped that these young people will also gain the confidence to come along to our evening provision.

A high number of these young people also have additional support needs and a proportion where English is not their first language. In these groups we try and use a variety of resources and engaging activities that all the young people can take part in regardless of their learning needs or language skills.

We take games and try and turn them into specific tailor-made activities that will suite the needs and learning styles of the young people in the groups. We will then weave them into our learning programme. To encourage participation, team building, building social skills and increasing confidence.

We are also asking for vouchers from The Range and Hobby Craft. These are to help build on our resources, especially for crafting and games and to be able to buy resources that they group decide what would be beneficial. For example, if we were to buy craft glue etc now, by the end of January it would be dried up, and it is hoped that this will reduce waste and help cupboard space if we can restock and renew up till March 2026.

Which City Plan / Local Community Plan Outcome(s) will it address?

It will provide opportunities for young people to participate in inclusive, social and transitional activities in an area of recognised poverty (SIMD) for young people attending groups in Coldside by reducing some of the known barriers to participation for young people. Many of whom will be hit by the cost-of-living crisis, by making the activity available free to attend.

CITY PLAN- Dundee will be a caring city which has tackled the root causes of poverty and delivered fairness in outcomes, education and health.

The Scottish Index of Multiple Deprivation (SIMD) is the official tool for identifying the most deprived areas in Scotland. "Deprived" does not just mean "poor" or "low income". It can also mean people have fewer resources and opportunities, for example in health and education.

Poverty can be exacerbated by discrimination due to disability, race,

COLDSIDE PLAN- We need to respond to the cost-of-living crisis by developing Partnership actions to mitigate the cost of living for residents in Coldside.

We need to improve life chances for children & families as evidence in recent data suggests that there are a high number of children in Coldside Ward living in poverty. The Coldside Plan also aims to address the needs and realign the full potential of the Coldside Community.

CLD PLAN- Within the CLD Plan, Youth Work is acknowledged as playing a key role in delivering the principles outlined in the UN Convention on the Rights of the Child, particularly Article 12.

“Our Youth Work partners will ensure that our youth work offer enhances the social, emotional and physical wellbeing of young people, targeting our resources at the most disadvantaged. Youth Work supports young people to make positive changes within their lives and in their communities through learning”.

How many people will benefit from this project?	40
Will any specific groups benefit from this project? (male, female, age range or protected characteristic)	
Target minimum number of unique participants:	
Young People taking part in Transition and Friendship Groups 40	
These resources can also be used by other groups too so would increase the number of participants	

Please say why the project is needed (please limit your answer to 500 words or less)

We are asking for resources that can be used in a variety of ways to meet the needs of the young people attending these groups due to additional support needs or language barriers, to be as inclusive as possible. We aim to be as creative and look at learning through engaging and fun activities, which has strong links to the Curriculum for Excellence.

What local consultation has taken place regarding this application?

(Please attach evidence summarising the results of any consultation)

All the young people attending the groups have been consulted and have helped design their own programmes. They have also stated that they learn better when the sessions are creative and fun. They say they remember it better.

What evidence do you hold that the local community supports this application?

(For example, was it proposed by members of a particular group? Does it directly address need identified by community members?)

This has been carried out by verbal group discussions with the group, mainly due to their learning and language barriers.

How will the project / activity tackle deprivation or benefit those experiencing deprivation? (Refer to Section 1 of the Guidance Notes)

It will help by reducing levels of isolation for the participants through peer socialisation.

It will reduce barriers to participation through free (funded) activity provision.

What other sources of funding have you secured / tried to secure for this project?

• **If none, please state why this is the case**

(Detail below, including applications that are pending or that have been turned down. We may ask for further evidence of an application for other funding)
