

Dundee Partnership Community Regeneration Fund

Grant Application 2026/27

Applicant Information	
Name of Applicant Group	EE/NE Events Group
Activity Title	Summer Fun Day
Grant Requested (£)	£2910

- The Youth Inclusion Fund is to provide financial assistance for community initiatives aimed at working with Children and Young People. Applications should be for an activity (or activities) focused on including children & young people in activities, diverting young people from an existing undesirable activity or preventing them joining in with such activity. This should reflect a need that children and young people have been consulted on.
- The Small Grants Fund is for other applications that contribute towards achievement of the Dundee City Plan / Local Community Plan, usually up to £5,000, but there may be lower local restrictions on the amount. Therefore, it is important to check with the relevant Community Worker as listed on page 8 for any local restrictions or other requirements.

This application should address needs in one of the below Wards within which the Dundee Partnership supports activity. If an activity covers more than one Ward then an application is required for each Forum, but it is essential that each application can stand on its own if agreed and that the application is not for a city-wide activity, but a local activity that is to take place in more than one Ward.

Please give a description of what you want this grant for - (please limit your answer to 500 words or less)

To provide a Summer Fun Day for the communities of the East End and North East. This event is planned and delivered by local people. For the past 2 years the group has been limited to residents of the East End but , on the day, people attending have been found to be a mix of EE and NE so this year the group has been joined by NE local people to bring together the 2 communities. This application has been split 50/50 with both Forums being applied to.

The grant will pay for a number of providers for the fun day and they will compliment a wide range of local organisations who will deliver activities free of charge

--

Which City Plan / Local Community Plan Outcome(s) will it address?
Building Stronger Communities

--

How many people will benefit from this project?

Approx 600

Will any specific groups benefit from this project? (male, female, age range or protected characteristic)

--

Please say why the project is needed (please limit your answer to 500 words or less)

The Summer Fun day will take place on 7th August, during the school summer holidays. This is a particularly expensive time for families with a big strain on tight household budgets. This Fun day will be totally free to attend with no activity, or stall, requiring a charge. Free picnic lunches also available, provided by Dundee Bairns. The event is for 3 hours, 12pm-3pm, with a wide variety of activities for all ages, including information stalls from local organisations and the very positive feedback from previous events has been that it is much appreciated that this event is totally free. The event also brings

--

together local groups and organisations who welcome the opportunity to engage with the community and offer advice and information

What local consultation has taken place regarding this application?

(Please attach evidence summarising the results of any consultation)

The feedback from previous Summer Fundays has been overwhelmingly positive, both on the day and on social media afterwards, it has undoubtedly become an event that local families look forward to. In addition to this, local groups and organisations also feedback that the Funday is a really positive way to engage with the community.

What evidence do you hold that the local community supports this application?

(For example, was it proposed by members of a particular group? Does it directly address need identified by community members?)

The Events group consists 100% of local community members, from both EE and NE, with the idea of both the group and the Fun day originating from local people who believed that the best way to provide events for families in the area was for local people to take the lead on it. The group is at present not

constituted, with the uncertainty about where they will be based now that the Hub is closed having stalled that process, and is supported by EE and NE CET workers

How will the project / activity tackle deprivation or benefit those experiencing deprivation? (Refer to Section 1 of the Guidance Notes)

This event is totally free to the community, no stalls will charge and all activities are free. Lunch is also provided. This is a 'leave your purse at home' event. The event also brings information to families about local services and is a really good way to engage with local people who may need extra support.

What other sources of funding have you secured / tried to secure for this project?

- **If none, please state why this is the case**

(Detail below, including applications that are pending or that have been turned down. We may ask for further evidence of an application for other funding)

Source of Funding (detail if this funding is for more than 1 year, if applicable)	£0

How do you intend to monitor the project Outputs and Outcomes?

This year, instead of guessing attendance numbers, there will be a volunteer with a clicker at the gate. IYN EE and NE fb pages will have photos of the event posted on the day and feedback will be invited from those who attended.

What is the planned start date of the event/activity? Please note turn around on applications is 6 - 10 weeks and funding cannot be retrospective (<i>see section 2 of the guidance notes</i>)	Aug 26
What is the planned end date of the event/activity?	Aug 26

Outputs & Outcomes

It is expected that applicants will have evidence to support performance information when completing returns on the performance against target. Consideration of this should be given when outputs and outcomes are set out.

Applicants will usually refer to one [City Plan](#) / [Local Community Plan](#) Outcome, but the opportunity is given for up to two, if required. **Please refer to section 3 of the Guidance Notes** for examples of outputs and outcomes / indicators.
