Grant Application **2025/26**

Applicant Information	
Name of Applicant Group	Lochee Residents & Tenants Association
Activity Title	Street art phase 2 - Butterfly
Grant Requested (£)	£5000

- The Youth Inclusion Fund is to provide financial assistance for community initiatives aimed at working with Children and Young People. Applications should be for an activity (or activities) focused on including children & young people in activities, diverting young people from an existing undesirable activity or preventing them joining in with such activity. This should reflect a need that children and young people have been consulted on.

- The Small Grants Fund is for other applications that contribute towards achievement of the Dundee City Plan / Local Community Plan, usually up to £5,000, but there may be lower local restrictions on the amount. Therefore, it is important to check with the relevant Community Worker as listed on page 8 for any local restrictions or other requirements.

This application should address needs in one of the below Wards within which the Dundee Partnership supports activity. If an activity covers more than one Ward then an application is required for each Forum, but it is essential that each application can stand on its own if agreed and that the application is not for a city-wide activity, but a local activity that is to take place in more than one Ward.

Please give a description of what you want this grant for - (please limit your answer to 500 words or less)

We would like to create a new street art project to brighten up some of the busier areas of Lochee. For the next phase of Lochee street art we have identified and have secured planning permission to install a large piece of art work on the gable end of the block of flats facing oncoming traffic at Lochee High Street at the by-pass

We have completed the last piece of work on Boots corner which has received huge acclaim worldwide, online, TV and local papers. It has been taken to the hearts of local people and those visiting the area. This is mainly due to the fact that we consulted with local people and allowed them to vote on the art work installed. During the voting process 2 pieces came out on top (4 votes in it!!) but we chose the one best suited to the wall surface.

We would now like to install the other piece which would look stunning on the area chosen.

(We also have aspirations to continue the work at Boots corner around the back of the building now that the pocket park is near completion and there are plans to

install a suds area which will enhance the whole of the waste ground but that will be phase 3)

Which City Plan / Local Community Plan Outcome(s) will it address?

Improve quality of neighbourhoods

How many people will benefit from this project?

Whole
community

Will any specific groups benefit from this project? (male, female, age range or protected characteristic)

Please say why the project is needed (please limit your answer to 500 words or less)

We have seen an increase of civic pride in the area since the installation of the last piece of art, along with the improvements being made by DCC and the installation of the pocket park. People feel the art work is theirs as they have been involved in the whole process, they are taken ownership.

Locals feel Lochee has been overlooked for a number of years and are excited to see new projects which are enhancing the local area in which they live and love.

What local consultation has taken place regarding this application?

(Please attach evidence summarising the results of any consultation)

Local residents identified this project in previous consultations, and we have discussed this with partners

What evidence do you hold that the local community supports this application?

(For example, was it proposed by members of a particular group? Does it directly address need identified by community members?)

There was a lot of support from the community in previous phases of street art and we would like to continue to improve the look of the area through further installations. The community felt the last phase really improved the community and provided pride for

residents. The piece we are looking to install was huge favourite of so many people we would love to have it placed in a very prominent area in Lochee which has had some graffiti placed over the wall.

How will the project / activity tackle deprivation or benefit those experiencing deprivation?
(Refer to Section 1 of the Guidance Notes)

The area has been going through a lot of regeneration which feels only half done. We want to install pride in the people of the area to feel it is as good an area as any other in the city.

What other sources of funding have you secured / tried to secure for this project?

- **If none, please state why this is the case**

(Detail below, including applications that are pending or that have been turned down. We may ask for further evidence of an application for other funding)

Source of Funding (detail if this funding is for more than 1 year, if applicable)	£
