Grant Application
2025/26

Applicant Information	
Name of Applicant Group	22 nd Dundee Mains of Fintry Scout Group
Activity Title	Sports Equipment
Grant Requested (£)	1075

- The Youth Inclusion Fund is to provide financial assistance for community initiatives aimed at working with Children and Young People. Applications should be for an activity (or activities) focused on including children & young people in activities, diverting young people from an existing undesirable activity or preventing them joining in with such activity. This should reflect a need that children and young people have been consulted on.
- The Small Grants Fund is for other applications that contribute towards achievement of the Dundee City Plan / Local Community Plan, usually up to £5,000, but there may be lower local restrictions on the amount. Therefore, it is important to check with the relevant Community Worker as listed on page 8 for any local restrictions or other requirements.

This application should address needs in one of the below Wards within which the Dundee Partnership supports activity. If an activity covers more than one Ward then an application is required for each Forum, but it is essential that each application can stand on its own if agreed and that the application is not for a city-wide activity, but a local activity that is to take place in more than one Ward.

What local consultation has taken place regarding this application?

(Please attach evidence summarising the results of any consultation)

Meeting with development officer Joanne Kelly in December 2025

What evidence do you hold that the local community supports this application?

(For example, was it proposed by members of a particular group? Does it directly address need identified by community members?)

Identified through discussions within the group from adult volunteers. Also through meeting with Joanne Kelly.

How will the project / activity tackle deprivation or benefit those experiencing deprivation?

(Refer to Section 1 of the Guidance Notes)

Getting new equipment would give our young people experiences that they may not get the opportunity to do anywhere else due to living in a deprived area. This may close the gap between disadvantaged children and other children their age as it makes them the same and lets them experience activities without exclusion.
