Dundee Partnership **Community Regeneration Fund**

Grant Application **2022/23**

Applicant Information	
Name of Applicant Group	KIRKTON LIBRARY
Activity Title	CRAFT CLUB
Grant Requested (£)	£1572.50

- The Physical & Environmental Improvement Fund is to provide financial assistance for community initiatives aimed at improving the local area through Capital expenditure. Capital expenditure is something of a physical nature including the acquisition, improvement or structural enhancement of an asset valued at £6,000 or more.

- The Youth Inclusion Fund is to provide financial assistance for community initiatives aimed at working with Children and Young People. Applications should be for an activity (or activities) focused on including children & young people in activities, diverting young people from an existing undesirable activity or preventing them joining in with such activity. This should reflect a need that children and young people have been consulted on.

- The Small Grants Fund is for other applications that contribute towards achievement of the Dundee City Plan / Local Community Plan, usually up to £5,000, but there may be lower local restrictions on the amount. Therefore, it is important to check with the relevant Community Worker as listed on page 8 for any local restrictions or other requirements.

This application should address needs in one of the below Wards within which the Dundee Partnership supports activity. If an activity covers more than one Ward then an application is required for each Forum, but it is essential that each application can stand on its own if agreed and that the application is not for a city-wide activity, but a local activity that is to take place in more than one Ward.

DUNDEE PARTNERSHIP FUND CRF GRANT APPLICATION

Before Starting on the Application, Please Consider and Complete the Two Questions Below

If these have not been completed, your application will not be progressed.

Is the activity for which you are applying for funds definitely able to start on your proposed start date? (e.g. are staff and relevant resources available)

Yes: the project will commence as soon as all (or the bulk) or the resources have been acquired.

Is the activity for which you are applying compliant with current social distancing and other measures in place to counteract the spread of the coronavirus? Please specify how your activity will meet this requirement

Yes – the furniture requested will afford us the flexibility to run the club and activities as dictated by numbers attending, whether in the learning suite or the larger open area that we have created within the library with the aim of hosting more events and activities. All participants will be reminded of hygiene rules re. the use of shared resources, and equipment will be cleaned as appropriate.

Who is the grant for? (Name of Applicant Group / Department)	KIRKTON LIBRARY		
Did you receive a Dundee Partnership grant during 2021-22? (If yes, list all grants below)			YES / NO
Title of project funded	Amount granted	When	Was it fully spent?
n/a			

Please give a description of what you want this grant for - (please limit your answer to 500 words or less)

A craft club for adults, to be mostly self-directed, allowing participants to try out and experiment with a range of craft materials, as well as getting together with like-minded individuals.

Which City Plan / Local Community Plan Outcome(s) will it address?

Building stronger communities: increase empowerment of local people
Health, care & wellbeing: improve mental health and wellbeing

DUNDEE PARTNERSHIP FUND CRF GRANT APPLICATION

How many people will benefit from this project?	
Will any specific groups benefit from this project? (male, female, age range or protected characteristic) This project is aimed at primarily benefitting adults in the local area and has universal appeal.	

<p>Please say why the project is needed (please limit your answer to 500 words or less)</p> <p>Kirkton Library currently has not run groups or clubs from some time and we are keen to contribute more to the choice of activities on offer within the Library and the Community Centre. A craft group would increase the variety on offer for adults while meeting the needs of those for whom sport-oriented or age restricted groups (children, elderly) are less suitable.</p> <p>A craft group would sit well with other resources available within the Library (craft books and internet access). The aim is to provide the opportunity to try out a wide range of crafts, encouraging creative expression and social interaction. (As there is already a sewing/knitting/crochet within Kirkton Community Centre, the focus will be on crafts not already provided by this group).</p> <p>The project has broad appeal and complements activities already available but requires initial investment for resources. Some of the items requested would also facilitate the running of further events and activities.</p> <p>With the cost of living crisis meaning many must focus on only the essentials in life, a craft club offers the opportunity to relax, meet others, learn new skills and benefit from a creative outlet.</p> <p>Crafting provides many benefits:</p> <ul style="list-style-type: none">- Encourages creative thinking and learning- Can open up career progression routes:- Reduces social isolation, and can provide low-pressure opportunities for people who experience social anxiety.- Improves cognitive development- Improves mental health well-being, providing relaxation, a sense of achievement and improving self-esteem

<p>What local consultation has taken place regarding this application? (Please attach evidence summarising the results of any consultation)</p> <p>We have spoken to some of our regular library users to find out what kind of groups or activities they would like to see and crafts were among those suggested. We have also queried with community libraries throughout the UK and craft groups are among the most common and successful of activities offered.</p>

DUNDEE PARTNERSHIP FUND CRF GRANT APPLICATION

What evidence do you hold that the local community supports this application?

(For example, was it proposed by members of a particular group? Does it directly address need identified by community members?)

Current creative classes/groups on offer within this and nearby centres/libraries are well-attended and popular. Our project aims to complement these and increase the range of opportunities available. Library users often ask about available clubs and activities so there is interest/appetite for us to add to what we can provide. This project is the only one that would require initial funding in order for us to be able to run it.

How will the project / activity tackle deprivation or benefit those experiencing deprivation?

(Refer to Section 1 of the Guidance Notes)

We have two aims with this project 1) to offer those who many not have considered or been able to afford crafting to give it ago. 2) to bring individuals together, reduce isolation and encourage community participation.

Whereas exercise and social activities can often be undertaken easily and for free, creative arts – especially for adults - are less easy to access without cost. Quality craft supplies for adults can be expensive and therefore out of reach for many, making it the preserve of those better off. The Kirkton district is among one the most deprived areas within Dundee. By removing the cost barrier, we can foster an inclusive group that is available to everyone.

There is no expiry to this project: initial funding is only required to establish a base line of materials and furniture. The furniture requested can also be used in the provision of more events and activities for the benefit of the whole community.

For Physical & Environmental Improvements (which must be Capital worth at least £6,000 in value) the following questions must be answered:

Have all relevant permissions been agreed? (please state what these are)

n/a

How will the planned project be maintained? (please state who will be responsible for this)

Once the initial investment has been made, used resources can be replaced or supplemented by the Library. Library staff will also initiate and maintain its promotion.

What is the expected 'life' of the improvement? (e.g. before it will require replacement)

It is hoped that the group can run indefinitely, for as long as there is interest from the community.

Could a plaque indicating the Community Regeneration Fund as a source be added on location for this award? (If there would be additional costs for this, please indicate this in the budget section)

We can add the CRF logo to promotion and paperwork relating to the Craft Club

What other sources of funding have you secured / tried to secure for this project?

- If none, please state why this is the case

DUNDEE PARTNERSHIP FUND CRF GRANT APPLICATION

What are the costs of your activity and how much money is required? Please give specific details (expand list / use an additional sheet if required) and provide all quotes (good practice for applications for over £5,000 is to provide three quotes to ensure value for money is received, and we will require to see these where relevant).

- **All applicants are required to submit a copy of the group's most recent annual accounts with this application. These will be used to help determine eligibility for funding, and WITHOUT THEM AN APPLICATION WILL NOT PROCEED**
 - **If reserves held are less than three months operating expenses please confirm this below**
- Note that if you have already submitted your accounts within this financial year, further copies may not be needed - please check with the Dundee Partnership Team if unsure

What other documents are you attaching to evidence the budget costs for this application? (e.g. quotes, estimates, projected income and expenditure)

Additional pages are attached at the end of this document, detailing intended purchasing for craft materials showing copy/pasted baskets from Hobbycraft with a price for the equivalent items purchases from Amazon for comparison (screen grabs of the Amazon baskets can also be provided if required). Overall Hobbycraft proved to be the cheaper option and the £655 cost is based on their prices. *(NB. As these are adult craft items, I could not find the majority of them sourced from suppliers via Civica Authority Purchasing).*

How do you intend to monitor the project Outputs and Outcomes?

Numbers attending the group will be recorded, as well as tracking use of the materials provided. We will also request feedback from participants, in terms of the current activities and resources made available, and how these could be added to or improved.

DUNDEE PARTNERSHIP FUND CRF GRANT APPLICATION

What is the planned start date of the event/activity? Please note turn around on applications is 6 - 10 weeks and funding cannot be retrospective (see section 2 of the guidance notes)	Spring 2023
What is the planned end date of the event/activity?	No end

GUIDANCE NOTES

Section 1 - Criteria & Requirements

If you require assistance in completing this form, please contact your local Community Worker using the details given on page 9.

CRITERIA

- Applicants must highlight the relevant Outcome(s) relating to their application from the City Plan or Local Community Plan (see section 3 below) and **explain how their application will assist in closing the gap for the most disadvantaged people and children i.e. those living in Community Regeneration Areas (CRA)**
- It is expected that applicants will explain how the application may assist in delivering on actions in the relevant Local Community Plan (available at www.dundee.gov.uk under Community Planning or from local Community Workers)
- **It is also preferable for applications to focus on the 15% most deprived areas as set out in the Scottish Index of Multiple Deprivation** (Community Workers will provide appropriate maps upon request). These are mostly within the CRA boundaries.
- Forums will be expected to demonstrate that they are supporting the Dundee Partnership's commitment to tackling deprivation by 'closing the gap' between the best and worst off in Dundee. For further information please refer to 'For Fairness in Dundee' (copies available from local Community Workers)
- Applications for Physical or Environmental Improvements must be made up of at least £6,000 of Capital development
- Applications **from school staff and parent councils are no longer eligible for Small Grants or Youth Inclusion funding**. Consideration should instead be given to applying for Pupil Equity Funding or other external funding. Applications for Physical & Environmental applications are still allowed

REQUIREMENTS

- **All applicants must submit the latest copy of their annual accounts.** These must clearly show what funds are available to the applicant i.e. the level of reserves held, and the overall annual expenditure of the applicant and will be used to help determine eligibility for funding
- **Estimates / Quotations for expenditure are necessary in all cases** and detailed quotes (including company number and other details) are required. Good practice is to secure three competitive quotes for larger items of spend and these should all be submitted along with the application as evidence of seeking value for money
- All applications for Physical or Environmental Improvements must state how maintenance will be carried out
- **All Small Grant & Youth Inclusion agreed funding must be spent by 31st March 2023.** An extension beyond 31st March may be available for Physical & Environmental Improvement approved funding. Unspent funds will be reclaimed

ADDITIONAL GUIDANCE

- Where possible, applicants should seek funding from another source before applying for DP Community Regeneration Funding. This will help it maximise the overall level of funding available to communities across Dundee. In order to achieve this, applicants should plan and apply well in advance of their activity taking place.

Section 3 - Outputs & Outcomes

Applicants should select the appropriate Dundee City Plan Outcome or Local Community Plan Outcome to which their application relates most closely and within which their outputs and outcomes can be recorded. (Both plans are available at (www.dundee.gov.uk).

ACTIVITY OUTPUTS & OUTCOMES

Outputs

These are details of activities (i.e. *what you will do*) and will have numeric targets such as:

- Hold a community event for 400 people. Target = 400 people
- Hold 10 daytime activity sessions over a 10 week period. Target = 10 sessions (you would also be likely to include an output and target for the numbers attending each session)
- 8 hours of street work by two workers per week over 50 weeks. Target = 400hrs

Please only include outputs that are key to the activity/project. If you are unclear about what you should include, contact your local Community Worker in the first instance.

Outcomes / Indicators

These are measures to show the impact of the activity/project (i.e. *what difference you will make and to whom*). There does not have to be a set target, but a numeric response should be possible at the end of the activity

Whilst setting out the outcomes / indicators, **applicants need to be sure that these will be measurable from their recorded data** (or other data that they are able to access) for their own benefit, that of the Forum and of the Dundee Partnership. If you are unclear about what you should include, contact your local Community Worker in the first instance.

- Number of participants reporting an increased knowledge of the benefits of exercise (could be recorded on feedback forms)
- Young people will better understand the dangers of substance misuse (again a feedback form could be used)
- There is a reduced level of reported anti-social behaviour and criminal activity (information from the police could be used)
- Local residents report being happier with their local area (this could be based on information from annual DCC questionnaires or other, more specific, feedback gained at e.g. community events)

COMMUNITY WORKERS

Each of the Wards listed below has a Community Worker/Communities Officer with a specific responsibility for supporting the activity of the local Community Regeneration Forum, including providing support to potential applicants. The contact details for these workers are given below.
